## Byrne and Jones Construction

### PEMB Building

Ironhide Construction supplied and erected the new 7,500 square feet PEMB building. There is a 5,000 square feet shop with four bay spaces at 25 feet high each. The office space includes 2,500 square feet of finished offices, a kitchenette, and a lobby. The Byrne and Jones Construction facility is finished off with a lean-to that adds another 2,200 square feet of protected working space with two additional bay spaces.
