ALLMAND BROTHERS

Allmand Brothers is located in Holdrege, NE in which we have been pleased to work as a subcontractor for WDS construction. This project has included five warehouse and manufacturing buildings that consist of 104,00 square feet. The buildings consist of covered loading dock, powder coat room, warehouse storage, and assembly lines. Challenges throughout this project have been working with a 24 hour operating plan, in which has challenged us to keep up our production rate with their ongoing production.

Project Manager: Brett Walton
