BAILEY'S BUILDING

Bailey's building was another Pre-Engineered Metal Building, which was 3,026 square feet. This building is located on West O Street and consists of three different businesses; All Star Glass, Vivid Sing Co., and The Tint Shop. We were glad to be the general contractor on this building, which we finished in June of 2018. As a leading Nebraska general contractor that specializes in Pre-Engineered Metal Buildings, our metal building of choice is Chief Buildings, in which we are an authorized builder.
Project Manager: Jo Wendt
